---

Derald,

I hope that this message find you and your team well. I heard about the news regarding Loretta's job change from the Yakama Nation to the City of Yakima. I am sure that Loretta's efforts, energy, and passion for the job will be missed.

In regards to the Tribal Council meeting that is scheduled for Tuesday, 6 August 2013, I wanted to again reiterate our support, if EPA presence was necessary to describe the planned activities at the Ashue Road property. I have tentatively blocked out Tuesday for this contingency.

I am scheduled to be out of the office on Monday, 5 August 2013, but can be contacted via office or cellphone at anytime, if you need to get a hold of me.

It is our continued pleasure to support and work in partnership the Yakama Nation.

Sincerely,

Calvin
